Subject: ASME Certificates of Authorization for Industeel France (570)
Certificates: QSC-400, QSC-400-1, QSC-400-2, Exp. 3/4/2025

Dear Mr. Leclercq:

This letter is to serve as an extension of the expiration date for the subject Certificates for which the current expiration date is March 4, 2025.

Since the issuance of the renewed Certificates is on hold due to Committee review and administrative processing, this extension will allow sufficient time for the certificate issuance process to be completed. Therefore, this extension will expire on May 4, 2025, or upon the issuance of the renewed Certificate, whichever comes first.

Sincerely,

Andy Ruan, Secretary,
Committee on Nuclear Certification
