INDUSTEEL BELGIUM invites you to follow training in Health-Safety-Environment rules allowing you to acquire the theoretical skills and know-how necessary for the industrial environment.

Access to the Industeel Belgium site is conditional on successful completion of this training. You must have successfully completed all modules to obtain your certificate.

Your training (individual and personal) is composed of several e-learnings: please complete these from a computer. With smartphone or tablet, the display isn't optimal.

Each module includes a learning part followed by an evaluation questionnaire to validate your knowledge of these rules.

CLICK HERE TO REGISTER	SECURITY CODE 650600

Be sure to complete all fields including "External Company"

➔ **For subcontractors: the name of your company.**

➔ **For temporary workers: the name of the temporary agency (Manpower, Randstad, etc.)**

You will receive a confirmation email at the mentioned email address (if you have not received it after a few minutes, check your spam or click "resend activation email").

Click on the link in this email to activate your account. You will then have direct access to the online training.

For information :

- The training is composed of 16 steps (= 16 different modules to follow to complete the training at 100%)
- Total duration estimated at 4 hours, modules must be taken in order but can be completed in several times. Each time you log in, you will be invited to "continue".

To change the language of modules if needed :

➔ Page 4 ➔ "2- Help : follow the training" ➔ Point 3

For more details or help, see the following pages :

- 1 – Help: create your account on the platform
- 2 – Help: follow the training
- 3 – Help: access your account later
- 4 – Help: are you having a problem?

1 [Click here to access the registration form.](#)

2 **Complete the form:**

1   SSE IB Passport - Chapter GENERALITIES
                                                50 %

2   SSE IB Passport - Chapter WHAT TO DO IN CASE OF AN ...
                                                0 %

For information :
o The training is composed of 16 steps (= 16 different modules to follow to complete the training at 100%
o Total duration estimated at 4 hours, the modules must be taken in order but can be done in
       several times. Each time you log in, you will be prompted to "continue".

3

Click "start" or "continue" to follow the module.

The display depends on your situation:
- "*Start*" if you are launching it for the first time.
- "Resume" if you had paused (or in case of disconnection also, you don't have to start all over again)

LANGUAGE : You can change the language of the module <u>before</u> starting by selecting it at the top right of your screen.
If you want, you can change the general language of the platform in your profile settings (click on your initials at the top right of the screen) but this does not automatically change the language of the modules, so it's better to check the chosen language before clicking on "start".
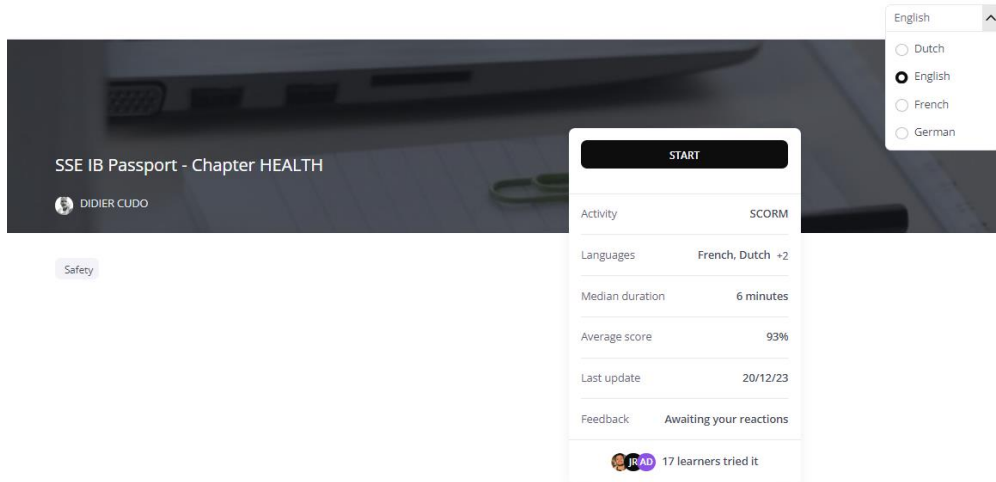

4

Click next after reading/viewing each screen carefully.
Before you can click "Next", the loading bar must be complete.
Loading time depends on the content to be viewed.
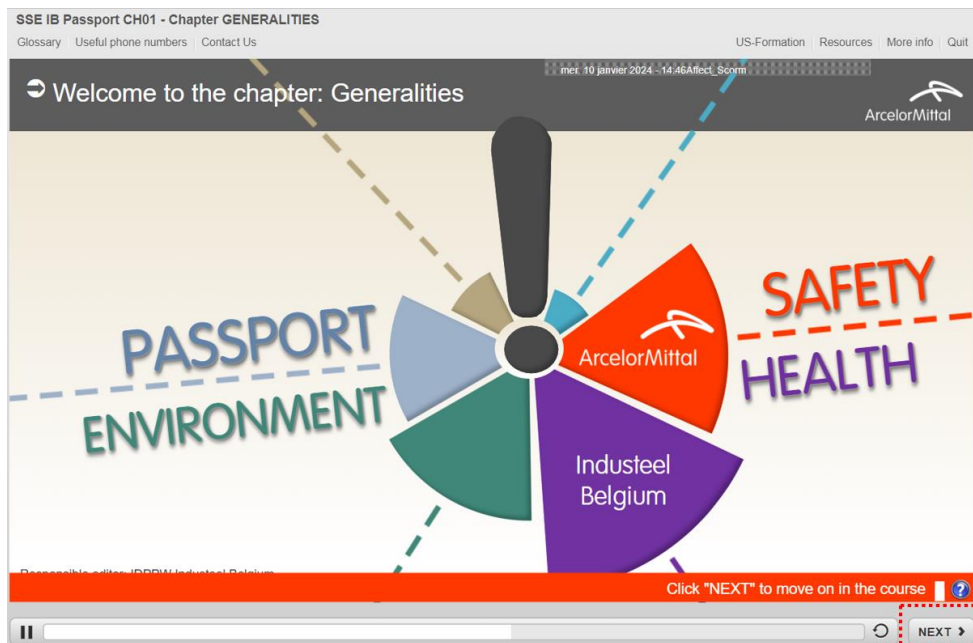

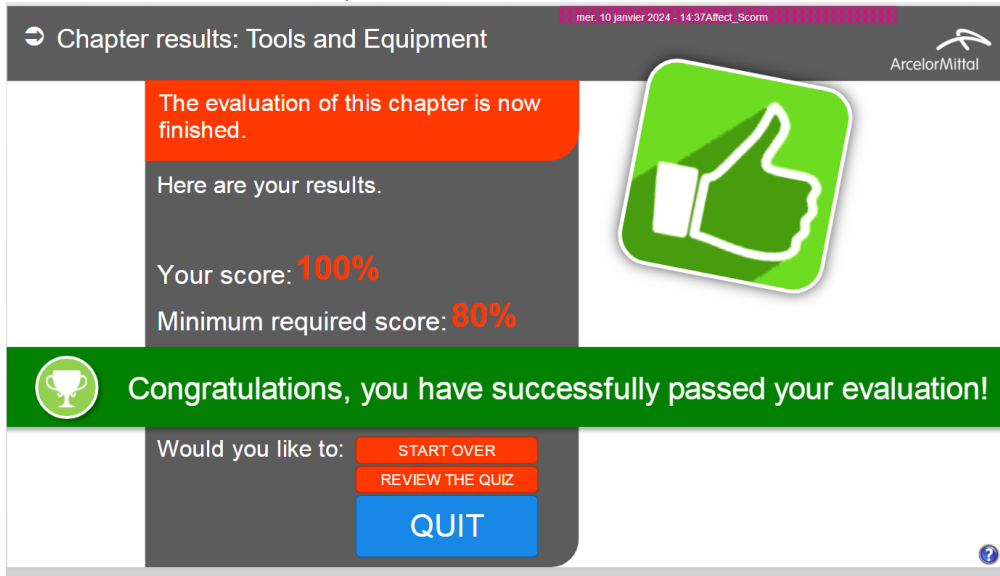

5

At the end of each step, you answer a short questionnaire to validate your learning.
With a score of 100% you can QUIT the module.
➔ This closes the window that had opened, return to the main page if your browser has not done it automatically.

6

By successfully completing a module, you unlock access to the next step. Click on it to launch it (or on "Continue" at the bottom of the page)

**To validate your Industeel Security Passport,
all modules (16) must be successfully completed.**
